Labor Bulletin

Compiled December 21, 1979

Report for November 1979

SOUTH DAKOTA OCCUPATIONAL EMPLOYMENT STATISTICS 1979

Current data on occupational employment for the 1978 private nonmanufacturing industries in South Dakota is now available in the publication South Dakota Occupational Employment Statistics 1979.

Estimated employment and percent distribution of occupations in mining, construction, finance, insurance, real estate, and services except hospitals and education are reported in this sample of 3,729 firms with a total employment of 45,814.

The OES program surveys all industries in a three-year period. Next year the balance of nonmanufacturing and local and state government will be surveyed; the third year survey will cover the manufacturing industries.

The Occupational Employment Statistics booklet is available upon written request to the S.D. Dept. of Labor, Research and Statistics, P.O. Box 1730, Aberdeen, SD 57401.

LABOR FORCE

The unemployment rate in South Dakota was 3.2% in November on a seasonally adjusted basis. Although that was up from 3.0% in October, it equaled the average for the previous 12 months. The total number of South Dakotans unemployed in November was 11,000. That compared with 10,400 in October and 9,900 in November 1978. The rate of unemployment in South Dakota remained well below the national average which was 5.8% in November.

Total employment in November was 328,100 on a seasonally adjusted basis. That was slightly below the October figure of 330,800, but 2.2% ahead of the year-ago figure of 320,900.

NONAGRICULTURAL WAGE AND SALARY EMPLOYMENT

Total nonfarm payroll employment in November was 238,300. That represented a slight seasonal drop from the October figure of 240,700 but a 1.7% increase over the November 1978 figure of 234,400. Among the individual industries, manufacturing employment was increased 6.4% over the past year to 26,600. Finance, insurance and real estate was up 7.3% at 11,800 and retail trade advanced 2.6% to 47,300.

HOURS AND EARNINGS

The average production or nonsupervisory worker in South Dakota worked 34.3 hours a week in November at $5.24 an hour for a gross weekly wage of $179.73. The weekly wage was up 10.7% from a year ago, but that did not keep pace with current rate of inflation of 12.2%.

SIOUX FALLS SMSA

The Sioux Falls SMSA seasonally adjusted unemployment rate was up in November at 2.5% com-

This publication was printed at a cost of 7.7 cents per copy and contains labor market information. Eight hundred copies were printed.

SIOUX FALLS SMSA (Continued)

pared with 2.2% in October. It was also well ahead of the rate recorded in November one year ago of 1.7%. The total number of Sioux Falls SMSA (Minnehaha county) residents unemployed in November was 1,490 compared with 1,350 in October and 990 in November 1978.

Total employment in November was 58,650 in Sioux Falls. That was slightly below the October figure of 58,860 but slightly higher than the November 1978 figure of 58,350.

Actual nonagricultural wage and salary employment in Sioux Falls was 52,400 in November. That was 1.2% below the October figure of 53,040 and 1.7% below the November 1978 figure of 53,330. Manufacturing employment increased 7.4% over the past year to 7,820. Construction employment, on the other hand, dropped 28% to 2,770. This decline is probably a result of the current tight money situation.

The average production or nonsupervisory worker in Sioux Falls worked 36.8 hours a week in November at $5.95 an hour for a weekly wage of $218.96.

RAPID CITY SMSA

The Rapid City SMSA (Pennington and Meade counties) seasonally adjusted unemployment rate edged up to 3.4% in November from 3.3% in October. It was also ahead of the year-ago rate of 3.1%. The total number of Rapid City SMSA residents unemployed in November was 1,470 compared with 1,450 in October and 1,330 in November 1978. Total employment was 41,880 in November. That was 1.1% below the October figure of 42,350 but slightly ahead of the year-ago figure of 41,550.

Actual nonfarm payroll employment in Pennington county was 29,080 in November. That was 2.8% below the October figure of 29,920 but slightly ahead of the November 1978 figure of 28,850. Manufacturing employment showed a dramatic gain of 18% over the past year while nonmanufacturing was down 1%. Services employment was off 11% from one year ago.

The average production or nonsupervisory worker in Pennington county worked 36.3 hours a week in November at $5.46 an hour for a gross weekly wage of $198.20.
